

INSTRUCTIONS

Step 1:

The supplies you will need for this craft are the “Circus Train Car,” glue or tape, and scissors.

Step 2:

Cut out the train car and the animal.

Step 3:

Your pieces will now look like this. Next, cut out the slot on the dashed line for the animal. The slot will be either on the top or the Main Point side of the car.

Optional:

If time permits, you can cut out the bottom of the wheels so that they stand up.

Step 4:

Fold each side and tabs along the solid black lines.

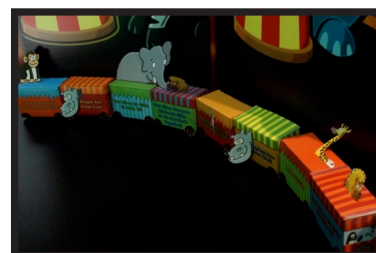

Step 5:

Tape or glue the tabs so that it is shaped like a box.

Step 6:

Insert the animal into the slot.

Step 7:

Once the craft for each lesson is completed, the final circus train will look like this.
